**Keynote Speakers:**

Opening Keynote: **Joy Buolamwini**, graduate researcher at MIT Media Lab & leader of the Algorithmic Justice League to fight coded bias

Closing Keynote: **Ashley Judd**, American actress and political activist

**Program tracks:**

**Emerging Leadership** – Aimed for the professional who would like to focus on developing their personal brand and gaining insight into their individual leadership style.

**Executive Leadership** – For the more seasoned professional who is already in the managerial track and wanting to advance to the next leadership level.

**Technical** – This breakout will create a sense of community for female technical professionals and arm them with tools to advance their careers.

**VP+** – Invite only for VP+ or PE professionals. Engage keynote speakers in intimate Q&A

**Diversity & Inclusion** – Opportunity to share best D&I practices and/or commit to cross industry collaboration.
